You may review the files on projects at the offices of Development Services, 9611 SE 36th St, Mercer Island. Comments on proposals are accepted for a period of not less than fourteen (14) days from the date of publication of this bulletin. Comments must be in writing and contain your name and address and must also include the project number and location. All written comments must be filed with the Development Services Group. If there is a public hearing, testimony may be given at the public hearing before a decision is made in order to establish standing to appeal the decision.

When the SEPA field indicates a Determination of Nonsignificance (DNS) is expected, the optional DNS process is being used and a DNS is likely. This may be the only opportunity to comment on the environmental impacts of the proposal. The proposal may include mitigation measures under applicable codes and the project review process may incorporate or require mitigation measures regardless of whether an Environmental Impact Statement (EIS) is prepared. A copy of the subsequent Threshold Determination for the proposal may be obtained upon request.

PUBLIC NOTICE OF APPLICATION

Project #: DEV13-027
Description: Approval of a deviation from the maximum allowed impervious surface limit. Impervious surfaces are items that prevent water from penetrating into the soil, such as driveways and rooftops. A maximum of 40% of some lots in residential zones can be covered with impervious surfaces (subject to certain allowances). The City code allows for the lot to be covered with an additional 5% of impervious surface (for a total of 45% lot coverage) via a deviation application if certain deviation criteria are met.

Applicant: SKL ARCHITECTS
Owner: HULEN, LLC
Date of Application: Friday, July 26, 2013
Date Determined to be Complete: Monday, July 29, 2013
End of Comment Period: Wednesday, August 28, 2013 at 5:00 PM
Applicable Regulations: RCW 43.21C, RCW 90.58, WAC 173-26, WAC 197-11, and MICC 19.07.120, 19.07.100, and 19.07.110.
Decision Authority: Code Official
SEPA Review: An initial evaluation of the proposed project for probable significant adverse environmental impacts has been conducted. The City expects to issue a Determination of Non-Significance (DNS) for the proposal. The optional DNS process, as specified in WAC 197-11-355, is being used. The proposal may include mitigation measures under applicable codes, and the project review process may incorporate or require mitigation measures regardless of whether an EIS is prepared. A copy of the subsequent threshold determination for the specific proposal may be obtained upon request.
